

SolidGround®

Traction Mat

Part of the WORKSAFE™ family of products

Overview:

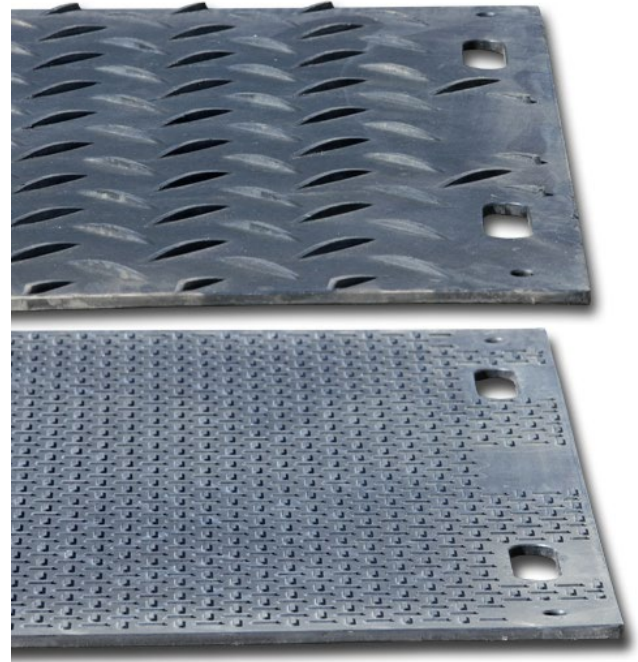

Help prevent slips, trips and falls with Rain for Rent's WORKSAFE™ SolidGround® Traction Mats. These durable mats provide a stable surface for increased traction on muddy or sandy soil and protect landscapes from damage. The half-inch thick recycled polyethylene mats are easy to transport and simple to assemble, reducing your installation time and transportation costs.

Features:

- Portable landscape protection and traction
- Provide stability and traction on sandy and muddy soil
- Prevent puncture and damage to spillguards
- Create temporary walkways, roadways and platforms – For golf courses, cemeteries, parks and special events
- Create temporary hydro/sand blast pads
- Provide superior traction in any environment
- Do not retain water - no soggy mess
- Are unbreakable - no need to replace a mat after a heavy load passes through
- Do not delaminate - the Traction Mats are solid, molded pieces
- Easy set-up and take down
- Prevent costly damage to landscapes during projects
- Avoid unwieldy steel plates
- Reduce cost of one-time use, destructible plywood
- No equipment necessary for handling

Specs:

- Panel Dimension: 4' x 8' x 0.5" (1.22m x 2.44m)
- Weight: 86 pounds per mat
- Withstand up to a 60 ton load
- Tested in extreme cold and heat
- Cleat designs for pedestrians or vehicle traffic
- Water and chemical resistant

Accessories:

- Spillguards
- Handhook
- EZ Link
