

Steel Tank

Mini Frac

Overview:

Rain for Rent's 9,000-gallon Mini Frac Tank is an ideal liquid storage solution for adding liquid capacity to tight job site areas. The versatility of options for unloading this tank, roll-off truck, crane, forklift, allow it to be placed most areas where a larger 21,000-gallon tank cannot be positioned. The tank's smooth wall interior with sloped floor promotes easy draining of liquids. The tank also offers optional epoxy coating, which offers chemical resistance and additional cleanliness for sensitive environmental applications.

Features:

- WORKSAFE® safety stairway
- Sloped, V-drain floor
- Manway on roof, side, and rear of tank for easy access
- Lifting lugs for craning tank and pockets for fork lift
- Vapor tight with option for liquid level gauges
- Smooth wall interior tank walls for ease of cleaning
- Rear 4" SCH 40 fill line
- Vapor Tight Tanks: rated to 16oz/in² of pressure and 0.4oz/in² of vacuum
- Carboline Phenoline 310 epoxy coated interior (Option)
