

Drip Irrigation

Overview:

Rain for Rent is a leader in drip irrigation service, rentals and sales. We offer tape, fittings and nozzles from the top manufacturers. In addition to the best water-saving drip irrigation systems we also provide the field design and underground work needed for the best performing and most efficient drip irrigation systems.

Use drip irrigation for: Vineyards, tomatoes, onions, any mounded plants. Our irrigation engineers will help you get the best use of your water systems and have the needed filtration to prevent your drip nozzles and hoses from clogging or building up algae.

Since 1934, growers and producers have trusted Rain for Rent to deliver thoroughly cost-effective liquid handling solutions. Thanks to generations of satisfied customers, we are a leading provider of irrigation equipment, with branches in 60 locations across the U.S. and Canada.

Features:

- Decrease water and labor costs
- Improves fertilizer efficiency
- Eliminates runoff
- Fewer weeds

Accessories:

- Drip tape and emitters
