

Steel Tank

Bi-Level White

Overview:

Store liquids in confidence with Rain for Rent's 21,000 gallon Steel Bi-level White Tank. These tanks are painted white for temperature control in hot Texas weather. This mobile tank allows your jobsite to have flexibility in planning your project layout. The Bi-level White Tank provides OSHA safe stairways and walkways to make sure your employees are safe when checking water levels or working on the tank. The Bi-level White Tank incorporates a center v-sloped floor to drain the contents of the tank to its lowest level. Rain for Rent also offers internally epoxy coated Bi-level White Tanks to keep your fluids clean for sensitive environmental applications and provide chemical resistance.

Features:

- Vapor Tight Tanks: rated to 16oz/in² of pressure and 0.4oz/in² of vacuum
