

# Steel Tank

## Open-Top

### Overview:

Store liquids with confidence with Rain for Rent's 18,100 gallon Steel Open Top Tank. The open top allow for visual inspection of liquid levels, addition of chemicals or flocculants, and keeping unwanted elements out of the tank. The Steel Open Top Tank provides OSHA safe stairways to make sure your employees are safe when checking water levels or working on the tank. The standard "V" shaped floor allows for easy of draining all stored liquids completely through a 4" butterfly valve with Buna-N seals standard. Optional Epoxy coating offers chemical resistance and additional cleanliness for sensitive environmental applications.

### Features:

- V-drain floor with front and rear 4" 150-lb flanges with valves
- OSHA Compliant Stairway. Top walkway style varies between tank manufacturers and are not on all tanks.
- Rear 3" or 4" SCH40 fill line with 1/2" ball valve drain
- Hatch gaskets and valve seats are Buna-N material
- One (1) front and rear 6" 150lb flanged ports 1 ft down from top of tank for skimming off top liquids.
- Front of tank has two (2) 4" 150 lb flange connections
- Optional: Epoxy Coating
