

Steel Tank

Internal Manifold

Overview:

21,000 gallon internal manifold tanks from Rain for Rent have a standard "V" shaped floor for ease of draining all stored liquids completely through a 4" butterfly valve with Buna seals standard. This tank also has a standard vacuum pressure relief valve.

Features:

Store liquids with confidence with Rain for Rent's 21,000 gallon internal manifold tank. Permanently attached axels for maximum maneuverability allow this 21,000 gallon tank to be moved with ease on the jobsite and a safety staircase ensures proper protection for workers on site.
